REDUCED BUDGET

High School May Cut Bus Service, Library

Failure To Vote Tax Causes Reshuffle; Future Dark For Teacher Pay Raise

Trustees of Washingto Hi were faced with a better pill this week as a result of the failure of their 50-cent operating tax in the May 21 election.

On Tuesday night, Supt. J. V. Goold presented the trustees with his recomendations on how to make ends meet during the next 12 months with approximately the same budget as this year and an estimated 300 extra puplis.

Goold suggested the school should:

1. Dispense with a new $15,000 bus.

2. Pick up only students who live more than two miles from the school.

3. Eliminate busses for after-hours activities, field trips and the band;

4. Curtail practice athletic meets.

5. Eliminate several of the less well-attended night-school classes.

6. Cancelling insurance on pupils and forcing them or their families to pay the premiums.

7. Make the athletes buy their own protective gear.

8. Forego new band uniforms.

9. Close the library and use the librarian as a math teacher.

10. Cancel plans to hire instructors for the new shops.

11. Hire three instead of five new maintenance men for the new annex.

12. Raise cafeteria prices, and pay student helpers only in meals.

By doing this, and by holding the present line on teacher salaries Goold gessed he could pare $58,000 from his original 1954-5 budget of $515,000.

Then by invoking a 5-cent recreation tax and another of 2 cents for employe retirement (neither of which have been used here although State laws permit it.) he thought he could raise the extra $25,000 needed to get Washington Hi through a "minimum" schedule next year.

Goold said the district has a $13,000 reserve, but that this must be "spread out" through the various budget departments to tide them through the year

Trusees looked glum, and said they would consider the Goold recommendations and probably make a decision next Thursday night.

Goold's teacher-salary recommendation came a few minutes before by Don Wolfe's representing the faculty, asked a $50 per year across-the-board raise. Wolfe's proposal also would add a 14th year classification, affecting 17 teachers, and raising them $90 a year after 13 years, which is now the maximum pay bracket.

YOUTH FISHING PLAN DEFEATED AT NILES CC

A move to reserve Alameda Creek for youthful anglers as a method of combatting juvenile delinquency lost by a single vote before the Niles chamber of commerce on Tuesday.

Dr. T. C. Wilson observed that recent Fish & Game Departcreek were "a waste of money," ment trout plantings in the since adult fishermen crowded into the brief waterway by the thousand and few fish were caught.

He suggested instead that the creek be opened "year-round" to fishermen under 16, who don't need a license. This he said would go far to give youngsters in this area a wholesome appreciation of the outdoors.

But Dr. Wilson was opposed by Dr. E. C. Grau, who owns property father down, and who said he feared the restriction might cause a flood of older anglers to invade his lard. He also predicted "a howl" would go up from the adults if they are barred from the creek.

On a vote, Dr. Wilson's motion lost, 3-4.

BERT SILVERIA DIES IN NILES

Bert Silveria, 75, who cut the hair and shaved the chin of Charlie Chaplin, Ben Turpin and Wallace Beery, died at his home on Second Street in Niles Last Friday.

Silveria, born in Decoto, had lived in the Township all his life. In 1897, he came to Niles and was a barber here until recent illness forced his retirement.

Silveria's real first names were Frank Joseph but everyone in Niles knew him by his nickname, Bert. A popular figure, he delighted to tell stories about the days of Niles' greatest excitement, when the Essanay Film Studios were located at First and G streets.

He spoke often of his experiences with the soon-to-be-famous stars of the silent movies — Chaplin, Turpin and the rest.

He and his wife Helen, who survives him, had been married over 50 years. Silveria said his formula for happy married life was simple: whenever an argument started he would leave the room.

Other survivors are a brother Joseph, of Warm Springs; and two sisters, Mrs. Mary Oliveria of Centerville and Mrs. Ann Morgan of San Jose.

Silveria was a member of UPEC No. 5 of Centerville.

Services were Tuesday in Berge Mortuary, followed by requiem mass at Corpus Christi Church and interment at Holy Sepulchre Cemetery.

Water District Declines To Halt Farm Well Pump

Directors of the Alameda County Water District, meeting last week, agreed a controversial well near Newark is an unsatisfactory source of water, but declined to say when they will stop pumping from it.

The well is on the Soito property at Haley and Mayhew Landing Roads. Farmers in the region have complained district pumping lowers water levels in their wells and brings salt pollution nearer.

Director Jack Prouty said he felt the well is "unreliable," but Engineer T. C. Binkley interposed his thought that it be used as a water source for the rest of the summer. He said it could be pumped to care for peak demands without "any detriment of a serious nature" to the farmers.

Directors also discussed:

1. Buying an abandoned 36-inch water main near Newark from the City of San Francisco. Binkley had recommended against the purchase because the pipe is in disrepair. He said he will investigate further.

2. Sale of about 2 acres of district land on Santos Road to St. James Episcopal Church. Directors will meet with church vestrymen Friday night to negotiate the sale. One acre of the total of three acres is to be retained for wells.

Finally, it was decided to ask the Centerville Chamber of Commerce to disclose location of six pieces of property that a chamber committee has said are available as alternates to a pipe-yard site already purchased on Main street.

Directors and staff were unanimous that office and yard should be in a single location. The chamber committee, headed by W. R. Goodwin, had not announced where the alternate sites are. The businessmen had raised objections to the yard on Main street, claiming it would harm residential property.

RITES FOR MRS. FLORENCE McCORD

Funeral services were held Tuesday for Mrs. Florence Land McCord, 48, of Newark died May 29 in a Niles rest home after a long illness.

She is survived by her husband, Robert G. McCord; two sons, Robert G. Jr. and David L., both of Newark; her parents, Mr. and Mrs. B. W. Land of Oakland; a sister, Mrs. W. E. Yocum and brother, Edward, Edward L. Land, both of Oakland.

SUZY SEZ...

In one Newark store, the sound of a child crying can be coming from either a barber shop, one side, or a Doctor's office on the other.

Last week I called on a friend with a new, (and expensive) car and house, and was surprised to see her wearing shabby and torn clothes. It wasn't for the bill collectors, it was just the dog's bath day.

Why is it that almost every man I know speaks so glowingly of his plan to have a croquet set for the back yard? Childhood memories, perhaps?

Not only is the parent in Los Ranchitos responsible for the damage his child has done with that "B-B gun," but he should realise it's against the law for the boy to own one.

Take a few minutes off next Tuesday and vote. The primary election is important, so use your privilege to vote wisely.

Speaking of elections, I'm still seething over the reports that one official made it almost mandatory that his subordinates contribute to his campaign fund!

School is out in many Eastern states, and the relatives are beginning to arrive. Our first batch came unannounced, so selpt on the floor the first night.

I wonded how many in Niles stopped to laugh at that sparrow so taken with its reflection in a car window parked all day on First? The only ones not laughing were people looking for a place to park and shop.

Orchids to the Township man who installed a ring at just the right height on his garage door, so that his two daughters can tie one end of a jump-rope onto it, and take turns jumping.

Neighbors of a Centerville woman who was in the hospital for so long deserve much praise for all the help they've given the family, including doing the washing.

A Niles mother has a little "tea party" for her daughter after her nap every day, and it makes putting her to bed much easier.

It often seems I spend half my time searching for cereals my children want for the box tops. A pox on those "free" offers!

If the T.V. commercials become too annoying, why not contribute to Channel Nine, where you'll find no smiling man coaxing you to try any product?

Can anyone tell me why my back always itches in an inaccessible spot?

Maybe I'm old fashioned, but I don't like those low-cut wedding gowns.

I admire the neatness of the Newark family that files old magazines in their garage, but what will they do when the garage gets full?

Nezt time a party drags, get the men present to write a list of what's in the little woman's purse, and have the women do the same for their husband's pockets. A prize to the one who's list is the most correct.

So long . . .

Final Polio Test Set June 9. 10

Third and last in a series of polio vaccine tests will be held in Township Schools next Wednesday and Thursday.

The "shots" will complete injections of the Salk polio vaccine, which it is hoped will prevent youngsters who receive it from contracting the dread disease.

Washington Township, as well as the rest of Southern Alameda County, is the sole testing ground in California for the vaccine. It is being administered nationwide to several hundred thousand first, second and third-graders under sponsorship of the National Foundation for Infantile Paralysis.

A total of 767 youngsters in the Township took part in the tests. However some of them — about half — received only a "blank", non-vaccine solution. Just which ones got vaccine, can be told only by code lists at national foundation headquarters.

According to Dr. Thomas Perdue, county health department official in charge of the tests, this process was established so that if it turns out that the Salk vaccine isn't 100% effective, parents won't ignore polio symptoms because they think their child is immune.

Figures on polio in areas where the "shots" were given will be analyzed this fall after the "season" for the disease is over. Then the researchers will be able to tell if the vaccine was effective.

Of a total 15,250 children eligible to take part in the tests in Southern Alameda County, exactly 7461 received parents' permission and were inoculated in the first two series given in early May.

Newark Rec. Nine Drops One To Oakland, 5-1

In a return game with Oakland, the Newark Recreation Boys' team suffered their first setback, dropping the contest, 5 to 1.

Newark managed to hang on to a one run lead until the top of the 4th when two errors and a single allowed Oakland to score two runs. In the 6th, a base on balls, an error and a fielder's choice permitted Oakland to score three more runs and assume a commanding lead which they never relinquished.

It's Little League baseball for boys, 9 to 12, in the Newark Recreation District!

Playground leaders Bob Brazil and Shyrle Rice originally had divided the entrants into two teams, the Cardinals and the Orioles, but there was such an enthusiastic turnout that a third team is to be formed, the Larks.

There will be player trades with the other two clubs to make teams of comparatively equal strength. A ten game series will be planned with two games taking place each Saturday — one in the morning and one in the afternoon.

On May 22, the Orioles and Cardinals engaged in the first game of a three-game exhibition series, with the Cardinals emerging the victors, 14-11. The Cardinals held a 10-to-7 lead into the bottom of the 6th inning when the Orioles staged a rally and scored 4 runs to lead 11-10. The 8th saw the Cardinals punch across 3 runs to wrap it up.

Postoffice. Clerk Smile Again: Mail Mixup Fixed

Peace reigned today between the Decoto Postoffice and the County Election Department, following an apology to Postmaster Mary B. Janeiro from W. C. Koerner, chief registration clerk.

Koerner had been quoted as saying Mrs. Janeiro's office had refused to deliver election notices for his department because they were addressed to street numbers instead of box numbers. Decoto has no street mail delivery.

Today however, Mrs. Janeiro exhibited a letter from Koerner asserting that he had "misinterpreted" a request from her asking for written instructions to sort the notices into postboxes, something required by postal regulations.

The notices were delivered on time, Mrs. Janeiro added.

READERS WRITE US

Editor, Sir:

Many of us teachers in the Township are disturbed over a letter recently published in your newspaper. This of course is the letter written by an unknown teacher who was "afraid for his or her job," however felt that it was important to present some "facs" concerning the coming election for county superintendent of schols. We feel that the "facts" brought out in the letter were a bit distorted. We would like to present our view concerning some of the points that the anonymous writer presened.

It was stated as a matter of "fact" that the teachers of Washington Township were pressured into donating money to the incumbent's campaign. We acknowledge that money was voted for the campaign, however at no time do we feel that any pressure was placed on us to donate the money. Unless we are entirely without knowledge of proper procedure in conducting a meeting, the acceptance was made in strict accordance wih Robert's Rules of Order which govern our organization's by-laws. This procedure has been commonly accepted as democratic process. If pressure was applied, it certainly kept itself well hidden.

A second point we would like to take issuue with is the fact that a teacher lives in fear of her job as a result of the influence of the county superintendent's office. From a legal standpoint this is impossible. By law, the power of hiring and firing is vested in the local school district's governing board. Never in our experience has a teacher's job been jeopardized as a result of pressure from the county office. It would be an insult to the intelligence of the goveming boards of trustees in the local districts to tell them who they shouuld hire and fire. If there be doubt cast concerning this statement, let the unbelievers call their local board for an opinion.

Robert G. Lamp, President of Washington Township Teachers Association; Gayle Stepp, Evelyn Kipp, S. Robert Infelise, Edwin B. Maughan, Majorie Callow, R. Minnitte, Jau C. Conley, Aureatha Harig, Clare S. Blackmore, M. D. Keeney, Barbara Severin.

C. D. Wilder, 63, Irvington, Dies.

Cidrio David Wilder, 63, a resident of Irvington since ris retirement several years ago, died suddenly in Downiville while fishing May 30. He is survived by his wife. Laura Wilder, and a brother, Frank Wilder of Oakland.

Services were held Wednesday at Berge Mortuary, Irvington, with Rev. Ceil Roades officiating. Interment was in Oak Hill Cemetery.

DECOTO NEWS

BY GRACE CAMINADA

MAL'S LIQUORS won their 11th game in 12 starts by defeating the San Jose Legion in a thrilling 10 inning ball game, 4 to 3. Lungsford stole home on the 10th to give Mal's their victory. The Decoto team used 4 pitchers. Mal's got 4 runs on 5 hits and 2 errors. The Legion got 3 runs on 6 hits and 2 errors.

Sunday, June 6th Mal's will play the Oakland Braves, the only Club that has defeated Mal's thus far. Game time is 1:30 at the Barnard School diamond.

FRIENDS of Betty Margarido will be happy to know that she is now walking again on her own and at last her recovery seems to be going uphill. In a conversation with your correspondent she said she has hopes of returning home within 6 months.

HOME again after a recent auto accident is Mrs. Fred Eaton of Railroad Ave. She was hospitalized for many weeks.

DIANE and Rinaldo Sal Caminada wish to thank all those who inquired, visited and brought frowers during their recent recovery from tonsillectomys.

Oakes Recovering From Operation

Publisher George H. Oakes of Washington Township Newspapers Inc., was reported recovering today in his Hayward residence from the results of a gallbladder operation performed three weeks ago.

Oakes' physician pronounced the operation a success but said further surgery might be necessary in Oakland at a later date.

Final Zone Hearings For Centerville, Irvington, M.S.J.

Two supervisors' hearings, last step before zoning of three Township communities, are scheduled this month.

On June 15, protective zoning will be considered for Irvington and Mission San Jose. It already has been recommended in detail by the County Planning Commission.

And on June 22, zoning for Centerville will be taken up, also in Oakland. This issue likewise has been aired at public meetings in the Township and before the commission at the courthouse.

Delegations from this area are expected to be on hand for both hearings. The supervisors have the final decision in zoning matters.

Kids Skate Fest At Niles Tonight

Another in a series of free skating parties will be given tonight at Rollerhaven, on the Niles-Decoto Highway, for puplis at the Barnard School.

Mr. and Mrs. George White, in cooperation with Washington Township Newspapers Inc., have scheduled the school's sixth grade for the affair. Seventh and eight graders skated at Rollerhaven on May 27 and May 20, respectively. Niles School classes already have had parties there.

MISSION SAN JOSE HOLY GHOST FETE SATURDAY, SUNDAY

Adeline Fontes, a student at St. Mary of the Palms school will reign as queen of the Holy Ghost fiesta June 5 and 6 in Mission San Jose.

The first festival was held in the historic community in 1889. Since that time, the Portuguese custom has been observed annually in numerous Bay Area communities.

The fiesta will begin on Saturday night with a parade, escorting the queen from her home to the IDES Hall on Ellsworth St., at 8 p.m.

Her attendants will be Carolyn Rose and Joy Feleciano. Mrs. Rose Vieira, 80, oldest of the former queens, will be an honored guest. There will be American dancing and the chamarita, Portuguese folk dance, Saturday evening.

Following the coronation at St. Joseph's Church Sunday morning, there will be a "sopa-and-carne" feast at the lodge hall, followed by dancing and auctions.

Officers of the celebration are Joseph J. Pereira, Joseph Garcia, Jose Luiz, Ralph Souza and Joe Abreu.

Quarry Hearing Wednesday In Oakland

Next in a series of public hearings on an ordinance regulating quarries in Alameda County will be held June 9 at 1:15 p.m. before the County Planning Commission.

This county produces over 7,000,000 tons of gravel and crushed rock annually, making quarrying a major industry here as well as the greatest producer of these materials in California.

The commission is considering rules which would (1) require permits to quarry, (2) regulate digging, drainage, etc. in the pits.

At previous meetings, quarry operators asked to exempt all existing quarries from requirements of the permit. Commission staff members are to present counter-proposals June 9.

TOO HOT? SEIDEL RETURNS CHECK

A $50 campaign contribution from Washington Township teachers proved too hot to handle for County Supt. of Schools Vaughn Seidel last week, and Dr. Seidel's office returned the donation.

A letter signed by 14 teachers had protested the principle of political contributions by professional organizations.

Rock LaFleche, assistant superintendent, acting for Dr. Seidel, who was in the East, returned the $50 check to the organization with the explanation that the superintendent and his aides felt it should not be cashed as long as objections had been raised.

LaFleche stressed the donation was unsolicited.

Bids Monday On Newspaper Plant

Bids on the new building for Washington Township Newspapers Inc. are scheduled to be opened Monday in Hayward.

Consulting Engineer Raymond Layton, who designed the building, said he expects it to be ready for occupancy in August. It will be located at 177 Fremont St., in Centerville.

The concrete structure will house two stores in addition to offices and plant of the Township Register and Washington News.

"Not just bad smell and explosions," the U.S. chemical industry employs 800,000 people, turns out more than 20 billion dollars worth of products annually, and helps raise the standard of living for every American.

This was the message of Raymond Moran, Westvaco manager, to the Rotary Club here last Thursday.

Iris McNemar Weds Robert W. Berridge

White peonies and yellow dwarf iris adorned Corpus Christi Church in Niles when Iris Belle McNemar, daughter of Nemar, became the bride of Mr. and Mrs. Edwin Edgar McRobert William Berridge, son of Mr. and Mrs. C. W. Berridge of Morral, Ohio.

Rev. Richard O'Connell officiated at the afternoon ceremony, Saturday, May 22. Marilyn Enos was organist.

The bride wore a ballerina-length gown of white nylon and net, the bodice having a V-neck trimmed with net ruffles. Her shoulder length veil was secured by a coronet of pearls in lattice design, and she carried a corsage of white carnations centered with an orchid.

Her matron of honor, JoAnn Chandler of Newark, wore a blue nylon gown dotted in white and a blue heart-shaped hat. She carried a bouquet of pink carnations. Don Stanley Pine of Niles served as best man. Ushers were Jack Burton Hill of San Jose and William Melvin Salvador of Irvington.

Immediately after the ceremony, a reception was held at the Newark Youth Center for family and friends and Navy buddies of Bob. The hall was decorated with red and white peonies. The wedding cake was surrounded by a wreath of tiny red roses.

The bride is a graduate of Washington Union High School, class of 1952. The groom is stationed at Moffett Field after service in Japan and Korea. He expects his discharge from the Navy next November.

After a honeymoon to Lake Tahoe, the young couple is at home at 132 Soto street, Hayward.

HIGH SCHOOL CUTS

(Continued from Page 1)

Wolfe said the teachers are well aware that the district's budget is in straightened circumsances, but suggested that holding down teacher salaries "is a poor place to economize." He pointed out that starting salaries are only $3600 a year - "less than at the elementary schools." Top pay for high school teachers here is $5630.

The trustees agreed to discuss the requests next Thursday too.

Lamenting the result of the election, A. E. Alameda asserted: "We have the new school, but now we haven't the money to operate it."

And Andrew Logan prophesied:

"Wait till these curtailments are in effect. Then the public will recognize the seriousness of the problem."

Glass Decorates Useful Wall

"Functional and decorative" is the way American Builder magazine describes this room-dividing cabinet wall separating living room and corridor. Above counter height, the cabinets are backed with fluted and frosted glass panels. They have both enclosed storage space and shelves for books and bric-a-brac. Wood paneling on the corridor walls is continued above the living room fireplace. Modern ceiling lights illuminate the corridor leading to the bedrooms.

That little Township girl was gone half a day while her parents searched frantically had gone to school. She felt she should. She'd had her fifth birthday the day before.

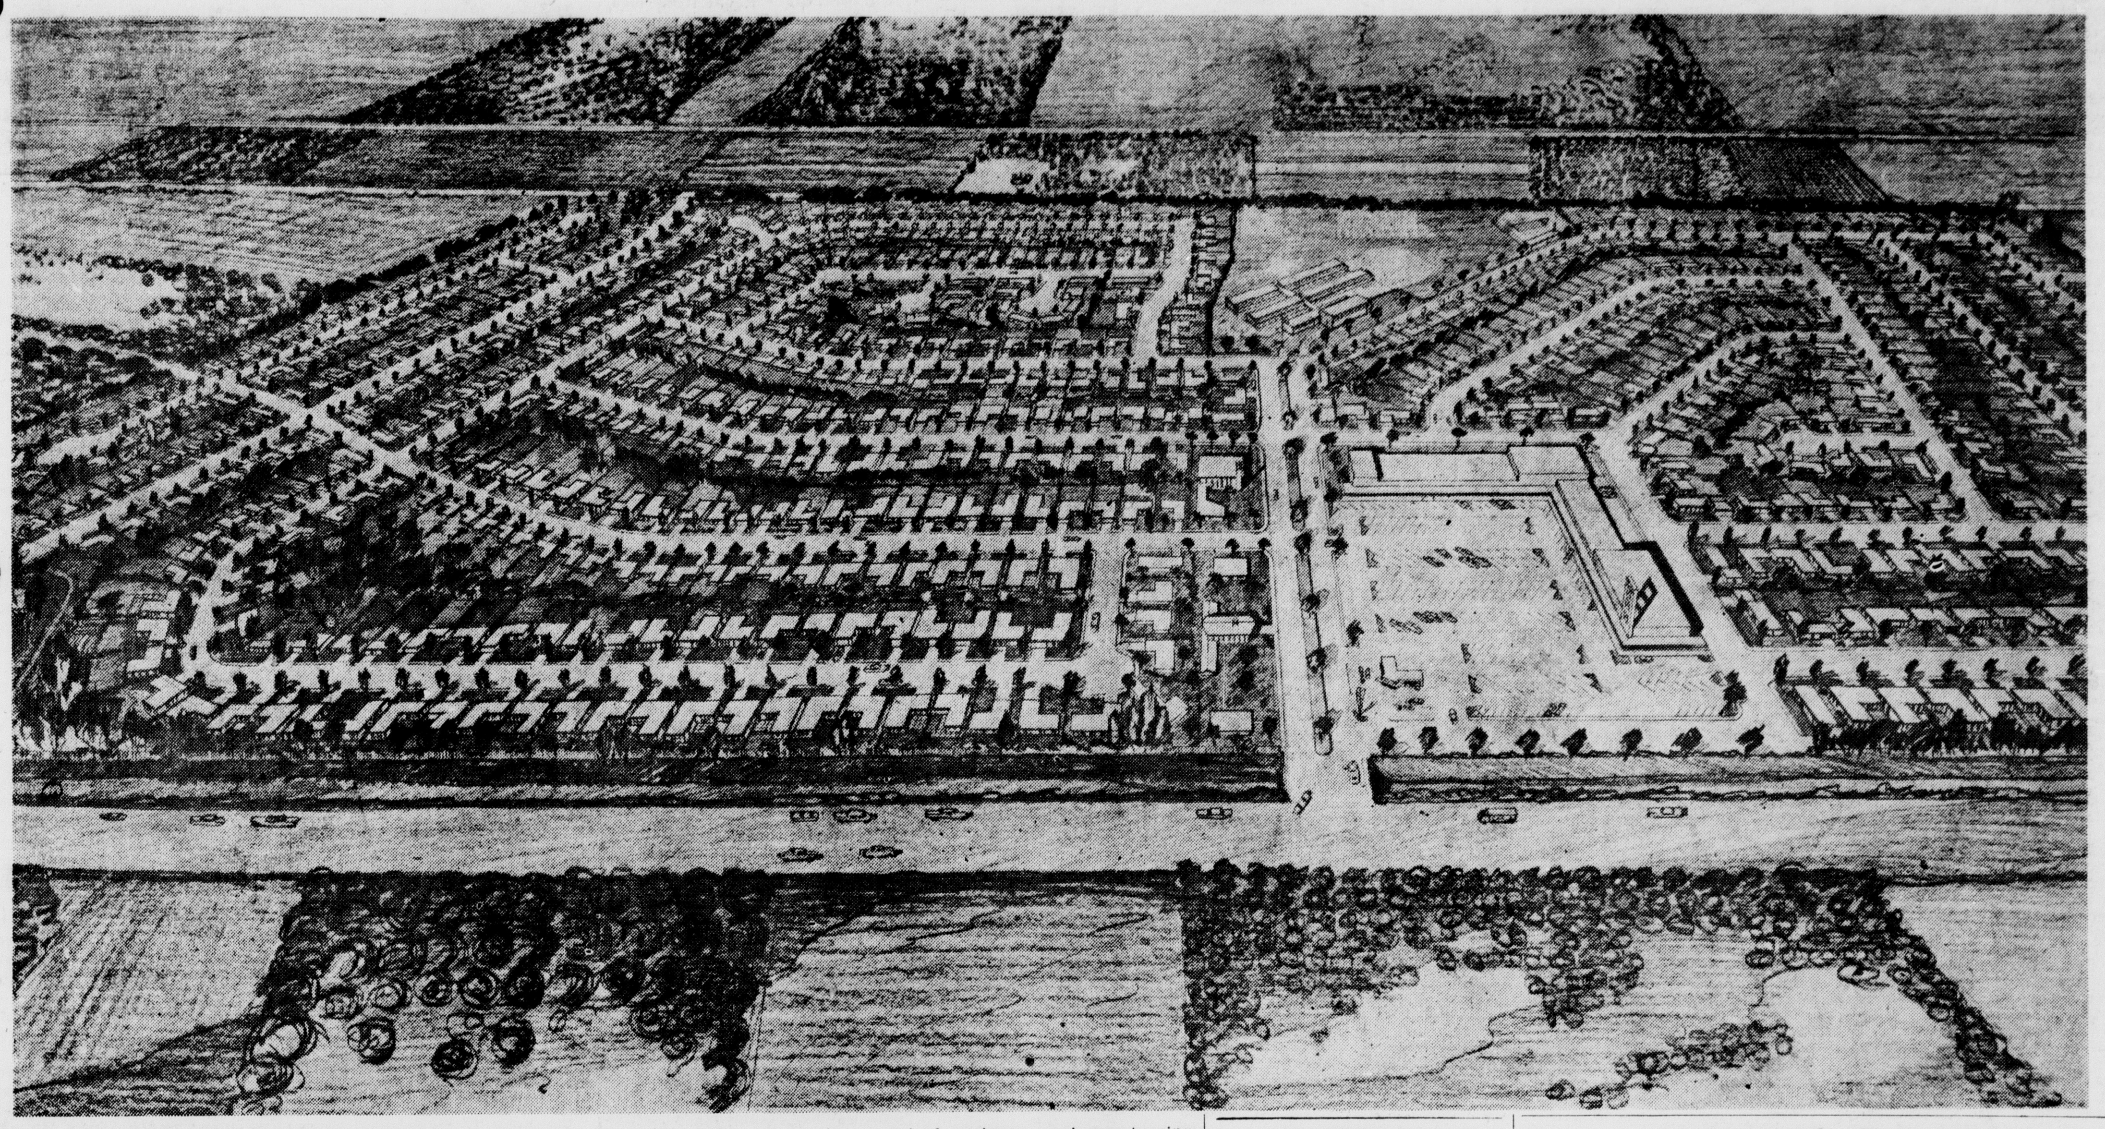
How Irvington Square Will Look . . .



ONE DOZEN HUNDRED — Artist's sketch shows how Irvington Square tract will appear when completed south of Irvington. Work on model homes started last week, under direction of Builders Conway & Culligan. Site eventually will contain 1200 houses, according to the developers. Shown here (center), is 11-acre shopping center, school site at end of parkway, and cars turning into tract from Highway 17. Homes will be of conventional design and will sell in $10-11,000 bracket. Laguna Creek (foreground) is to be fenced and landscaped under plan. Irvington Square's builders say they expect to draw owners more from Oakland — San Leandro — Hayward than from Ford plant workers at Milpitas.

READERS WRITE US

Editor Sir:

I have just finished reading the letter you printed in your last issue by a student of Washington High. I consider it rather impudently worded. It does not appeal to some of us who help provide the money for the rather delux school systems in this Township.

Perhaps we are rather old fashioned those of us who didn't have swimming ppols in our days or Extensive gymnasiums, basket ball courts and suits, tennis courts, bands and musical instruments provided for us.

Isn't it just possible that these young people of today, who have only to do the asking, pull the string and their wants are supplied are some what lacking already in appreciation of all that they do have.

"We are tired of wearing the same uniforms" they say. Does it ever occur to anyone that some of us get tired of paying the never ending raise in expense? Yes we do want to give them the best Education we can reasonably provide, but would it be too much to expect, a little more appreciation for what we are doing.

This students article sounds a good deal like a case of the old adage- "The more you do for people, the less they appreciate it."

CAROLLING AROUND NEWARK

JEANNE & GENE CARROL
NEWARK 3-3564

AROUND TOWN — Next Tuesday is the primary election and it calls to mind that the turnout for the school elections was disgraceful. Barely 25% of the registered Newark voters went to the polls. Why register if you don't intend to exercise your right to vote? With nearly 1,400 registered voters it is a shameful exhibition of Americanism to see only 370 show up at their polling place. Let's do better Tuesday . . . get out and vote.

SPEAKING of voting reminds us of politicans and what could be classed as a good political job . . . the best job apparently is "pulling strings."

TIPS for free . . . there are twelve lots in Newark which will be sold as tax-delinquent land at a public Courthouse sale in Oakland on June 9.

WE HEAR that Washington High boys in the age group of 15-19 have organized a hot-rod club which they will associate with the National Hot Rod Association. The Hornets, as they call themselves, will do their own mechanical and body work and have controlled contests according to the rules of the National Assoc.

Officers inslude: Jim McNulty, chairman; George Stout, vice-chairman; Bill Tolley, secretary; Nolan Ezra, treasurer; Buddy Nunes, designer and Frank Evans, supply manager.

The boys are just organizing and have one sponsor, Everett Ezra, who is the father of Nolan, but they need more and also a place to do their work . . . tearing down and rebuilding cars.

"I am happy to be a sponsor to such a group because this activity has such an excellent educational potential in the mechanical field," stated Everett Ezra as he was first to volunteer adult assistance.

We hope to have good news to report on the Hornets soon . . . more sponsors . . . a suitable place for them to work . . . lots of wholesome activity for some fine young men . . . call Jim McNulty . . . Newark 3-2372.

BILL and Marvis Williams and Emil and Roselene Pierce drove to Santa Cruz for a funful evening of dining and dancing a week ago Saturday.

YESTERDAY brought a happy surprise for Barbara Eicher, president of the Sew-Happy Club, when the members and some neighbors joined in giving her a baby shower at the Eicher home. In the shower of gifts for the infanticipating Mrs. Eicher were those from: Evelyn Jensen, Ruth Spence, Jean Richards, Marbe Young, Ina Velasco, Dorthy Boone, Mary Davis, Ailie Lockhart, Jacqueline Hess, Colleen Peterson, Jean DiMaggio, Rose Ann Ziebarth, Dorothy Dean and Frances De La Cruz.

MRS. ETHEL AUCHARD took a group of her Presbyterian Church Sunday school class to Flood Park last Saturday for a weenie roast and swimming party.

IN SANTA CRUZ on Monday for a dip in the surf and boardwalk activity were: Mr. and Mrs. Ethen Hoover, Joan, Bill and Ethen Jr., Mr. and Mrs. Tony Perry and son Anthony and Mr. and Mrs. Gene Hunter . . . the latter pair from Niles. They all agree that Mondays make great holidays.

SHORTIE greetings . . . happy birthday to Joan Ruskofsky who was and is sweet sixteen as of May 26 . . . to Donald Phippen who is busy thinking a good way to celebrate becoming 7 years old on Saturday . . . to Nancy Holmes who celebrated her 10th birthday with a grand party last Wednesday . . . to Marty TY SAMMON JR., Santa Clara star end with no team to play on, who will be 20 on May 30 and ready to tackle anything.

PAULETTE Snowden celebrated her 8th birthday on Monday with a happy group of youngsters who came to enjoy the games and refreshments. Invited guests included: Judy Souza, Shelby Rice, Deborah McNieve, Karen Costa, Gail Minnet, Barbara Taylor, Janice Emmett, Gloria Elam, Carol Hernandez, Cathy, Roddy and Lyn Sammon, Gail Miranda, Diane Woodward, Evelyn Armstrong, Christine and Skip Lacey, Ellen Jones, Shelia Vance, Angelina Ponte, Gary Caroll, Bobby Beshears, Sandra Krueger, and Claudia and Joan Snowden.

THE ED BURNS home was scene of much rejoicing on Wednesday when Pauline welcomed her sister, Marge, and her family back from Germany. Warrant Officer Herman Berry finished a two-year tour of duty in Leipheim, Germany and his wife Marge and four children, Michael, Anne, Patrick and Jean, who had made their home there, were happy to return home. They flew home by Trans Oceanic Air Lines via Shannon, Ireland, Iceland, New York and finally S.F. Airport. They will visit here for awhile and then Berry will report to Fort Lewis, Washington and the family will reside in Hayward. Mrs. Mary DiMaggio of Livermore, mother of Pauline and Marge, also stayed here to enjoy the renunion.

SANDY Pierce took part in Carol Jean's recital in Livermore last week She sang and danced to "Walking My Baby Back Home."

DWAJN and Eileen Wood are entertaining Dwain's parents, Mr. and Mrs. Alfred Wood, of Decatur, Illinios as the elder Woods are enjoying a two week California vacation, and those five grandsons, Rodney, Timmy, Don, Bobby and Jim.

WE SPOTTED Louis and Mary Araujo driving around town in a brand spanking new light green Plymouth . . . real sharp.

MR. AND MRS. R. B. Wiebold of Los Angles were Memorial weekend guests of the Frank Ferrys. Mrs. Wiebold is Alberta's mother.

MR. AND MRS. John Ruskofsky and daughters, Joan and Judy spent the weekend in Wesport, Mendocino County visiting with Opal's brother George Filmer and Mrs. Filmer. The tide was right for abalone, so it was down to the sea for some sport with the abalone and then a whirl at salmon.

Thornton 3rd Graders Visit Rail Yards

The third grade class at the Thornton Avenue School ended a busy week last Thursday with a visit to the Southern Pacific yards. Students under the direction of Mrs. Patricia Graves, went through a train, saw the diesel shop, the round-house and rode the ferry to and from San Francisco.

Earlier in the week they ended their candy sale, and turned about ten dollars over to Supt. Tom Maloney for the purchase of a tree for the school grounds when landscaping is completed.

Now that Public School Week is over, many parents will forget the classroom and teachers until next year. A little time spent at school more often during the year would make things easier for your child.

DEMO PICNIC AT NILES SUNDAY

One of the most colorful events of the 1954 election campaign is predicted Sunday, June 6, beginning at 11:30 a.m., when Democrats of Southern Alameda County present their "Victory Picnic" at the ranch estate of Charles Russell, 353 "G" Street, Niles.

"Everyone is invited," said Gordon B. Greb, press secretary of the Washington Township Democratic Club, sponsoring the affair. "Since the primary election will follow two days later, this will be a wonderful opportunity for interested citizens to become better informed by meeting the Democratic candidates.

"They can solve the baby-sitter problem at a meet-the-candidates picnic because they can bring the kids along for the fun," he added.

All top Democratic aspirants, from gubernatorial candidate Richard Graves to Anga Bjorson, endorsed for the state senate from Alameda county and Carlos Bee, for assemblyman of the 13th district, have been invited. Each will have a personal representative or will attend personally.

"The picnic is being held at the private estate of Charles Russell and visitors should not go to Niles Canyon," Greb advised. "The easiest way to go directly to the city of Niles and follow the signs."

The all-day affair is open to the public anytime after 11:30 a.m. and will continue until sundown. Club president Raymond L. Marsh is directing the affair with the help of a committee of 25 persons.

KNIGHT IS RIGHT

FOR CALIFORNIA

THE AFL SAYS: "There is only one candidate for Governor who is worthy of Labor's support – Goodwin J. Knight!"

TAXPAYERS SAY: "Knight doesn't just talk a good job. He does it. He said he wouldn't ask for more taxes while millions lie in the State vaults – and he didn't. He submitted a careful, constructive economy budget – and won Legislative backing for it."

BUSINESS SAYS: "California's governmental training system has given Goodwin Knight 7 years of experience, as Lieutenant Governor, in dealing with Statewide problems. The apprentice system works in Labor. It works in Business. Governor Knight's record proves that it works in Government!

Let's not trade a man who knows the job—for a man who's willing to learn."

PARENTS SAY: "Governor Knight cracked down on the youth-destroying narcotics traffic and made the first move in 20 years to clean up liquor control."

GOVERNOR KNIGHT SAYS: "Government's true function in a democracy is not to rule, but to serve—with humble respect for the God-endowed rights of each individual citizen."

DEMOCRATS SAY: "The Cornerstone of Democratic Government is not the Party – but the Man. And this year the Man is Knight!"

ON ELECTION DAY — JUNE 8 — ALL CALIFORNIA WILL SAY KNIGHT IS RIGHT FOR CALIFORNIA!

THE UNSEEN PERIL

Some folks recognize the advent of Spring by spotting a robin, others by shedding their winter underdrawers. We greet Hera, or Flora, or whatever the old bag's name is, with a runny nose. Hay fever is the villain.

Ragweed, rye-grass and roses may bring out the poet in you. In us, the 3R's bring a gush from the sinuses, sneezes till the brain grows dizzy, even hives and impaired hearing.

This year, the attacks seemed more persistent and concentrated than usual. At first we laid this to our advancing age and growing inability to toss aside the petty annoyances of life.

Then we read a news item. The Bay Area Chapter of the American Allergy Society (how did we escape joining that one?) warns hay fever sufferers that 1954 is the sneezin'est year in the last 20. Billowing clouds of pollen are abroad, say the society's researchers, peering into their pollen-counters. The allergy-prone better stay indoors and breathe sparingly if they don't want to become contaminated like an Eniwetok tuna.

This melancholy information restored our faith in our hormones. But it also carried with it the seeds — or pollen — of dismay. The year 1954 is one in which we all must keep our heads if we are to survive its stresses and buffetings. How are we expected to keep any wits at all while leaking from the face and while our skull snaps at intervals at the end of its spine like a bass plug?

Military historians tell us every conqueror from Alexander to Schicklgruber launched his attacks only after painstaking study of what weather would do to his enemies. Between gasps, we wonder if the Pentagon realizes what is afoot? Massive puffs of Ukrainian rye-grass pollen may be sweeping at this moment across the Pole, bearing down on our over-civilized, over-sensitive nation. Allergy by induction? The democracies helpless under a cloud of ragweed dust? It may be Malenkov's answer to the H-bomb.

If we could get our nose out of the handkerchief long enough we might be able to G-2 that one. G-2? A—CHOO!

NILES' PRIDE

Our city cousins lend their eyes to rural scenes only when those scenes are painted with a broad brush. Successful civic programs or even new subdivisions out here draw little notice in the busy world beyond our Township. It takes a kiss murder — or a Ford plant — to make the big towns sit up and take notice of us, even in passing.

How much satisfaction, then, to read in the city papers that John Kimber of Niles a few days ago in San Francisco presented the nation's outstanding award to a youthful musician to enable that youngster to carry his musical education to its ultimate conclusion. After the presentation, Kimber then announced additional awards to encourage the study of music on the West Coast.

Now in their third year, the Kimber Awards are the biggest thing in their field. They mirror the interest that their donor has displayed in making young America piano-and-violin minded ever since he taught these subjects at Washington Hi a generation ago. To cultural America, the Kimber generosity puts Washington Township on the map.

MORE LIGHT, LESS HEAT

For the life of us, we cannot see why there should be such heat generated over the Niles Fire Department and why and how it should hire firemen. The issues seem fairly clear-cut. At first Jack Parry argued the commissioners should wait until they received an Underwriters Report before hiring the firemen. The Underwriters are insurance experts. They would be able to say, said Parry, whether paid firemen would reduce insurance rates in Niles more than, say, better water mains or hydrants or an improved alarm system.

However the commissioners said they weren't as interested in the rates as they were in the possibility of saving lives in an emergency. They declared they intended to hire firemen on a fulltime basis. Seeing this, Parry asked them to set up a merit system, testing applicants for the jobs, and hiring the best-qualified (making sure that present volunteers got extra credit). This the commission said informally it would do, providing its attorney's opinion was favorable. The attorney rendered his opinion two weeks ago. The commissioners haven't said what it was. Parry thinks it was favorable, that it therefore is being suppressed. He charged as much at a public meeting.

Personally, we are sorry to see such a row develop in a volunteer organization, especially when a little diplomacy on one side, a little frankness on the other might have avoided it. We do not impute any ulterior motives to the commissioners. Neither do we think their critic has any axe to grind other than to see that the department and the taxpayers get the maximum for their effort and for their money.

If the commissioners had openly stated their intentions at every step of the way, and if they had been quick to defend them in logical debate, the Parry Mutiny probably would never have gotten as far as it did. Now is the time, then, for the commission to release publicly their attorney's report, to say openly whether they will or will not accept it, and what their next step will be. Unless this is done, we foresee more trouble which eventually will come to roost on a loyal and hard working group of men who don't deserve it — the firemen themselves.

TO RETIRE — Harry Weber (left) superintendent of the PG&E's power stations in Southern Alameda County, is slated to retire June 8. He and Mrs. Weber are pictured here with Subdivider and Builder James R. Meyer (right) at party marking opening of Meyer's new office in Glenmoor Gardens. (WTN Photo).

Weber Retiring Tuesday As Boss Of PG&E Power Stations Here

BY STUART NIXON

A career which spans the field of power transmission from oil-tub circuit-breakers to the world's largest electric "pool" will drow to an honored close Tuesday.

Harry W. Weber, 64, superintendent of the PG&E's south county power stations will retire then, after 41 year's service.

"Maybe now I'll get some time to fish," says the veteran utility executive. "I've been on call 24 hours a day for so long I may have forgotten how."

Weber's roots are deep in Southern Alameda County. Reared in Livermore, his first job was with the Wente Brothers at the old Cresta Blanca winery. In 1913, he joined PG&E at the Mission San Jose substation as a switchboard operator.

Within a year Weber had risen to be superintendent of the old brick powerhouse.

The circuit-breakers were just tubs of oil, but the Mission power station supplied "juice" to the whole East Bay. When a power failure occurred there, it plunged everything from Richmond to Warm Springs into darkness, Weber recalls.

In 1921, PG&E built the present Newark substation and switch-yard, consideded the world's largest. Weber moved over there as boss.

When he retires, Weber's job will be taken over by Paul Hunt, who moved into the Newark post when Weber was promoted to be in charge of all substations in this area in 1944.

Weber says he intends to take a vacation at the family place in Oregon, then will return to his home here. He says he has had the offer "of a job or two," but doesn't know whether he'll accept.

In his honor, fellow employes are giving him a retirement dinner tomorrow (Friday) at the PG&E Clubhouse. Weber has been a Southern Alameda County civic leader for nearly 50 years. He is a past president of the Centerville Lions Club, the Mens Club of Washington Township, past treasurer of the Washington Township Chamber of Commerce and is a member of the St. James Mens Club, the Centerville Chamber of Commerce, the Alameda Lodge of Elks and the Livermore Aerie of Eagles.

He and his wife, Dora reside at 164 Thornton Ave Centervill.e They have a daughter, Bernice and two grandchildren, Mickey, 10, and Bill, 7.

Their son-in-law, Karl Nordvik, also works for PG&E.

PARK, PLAY STUDY TO BE AIRED BY GROUP ON FRIDAY

The Washington Township Park and Recreation Project Committee will hold a progress report meeting at the Washington Union High School on Friday, June 4, at 7:30 p.m. according to Ronald Lambert who is Chairman of the Commitee.

The meeting will be open to the public, and reports will be given by the Chairman of the nine Survey sub-committees. They have been studying the recreational needs of the Township. A similiar survey was made two years ago by the Alameda County Committee for the Prevention of Juvenile Delinquency at which time the estoblishment of a Park, Recreation and Parkway District was recommended.

Since then Newark has set up a Recreation District, but Lambert stresses nothing has been done about the rest of the Township recreation needs.
